OUR PREMIUM

Given for Clubs and Single Subscribers.

AN UNEQUALED ARRAY OF OPPORTUNITIES.

TERE is a series of articles of the highest merit, which we will give all our friends the opportunity of obtaining in the easiest possible way. Our object in offering these splendid premiums is to reward our club raisers.

We have been at great trouble and expense in making up this list of premiums. We have had two prime considerations in view as to the character of the articles: First, we have accepted nothing but the very best things; and, second, we have insisted upon arrangements direct with the manufacturers at the very lowest rates, so as to be able to give our subscribers the advantage of the lowest possible offers.

We have accepted no cheap-grade jewelry. There is no so-called alluminium gold, fire gilt, oryide, etc., which is simply polished brass, but everything in the list is of a class we can warrant exactly as represented.

We have also demanded and secured from the manufacturers only the latest and most fashionable styles.

We expect that every subscriber will find something he or s'te will want, and will mend us the club required and get it.

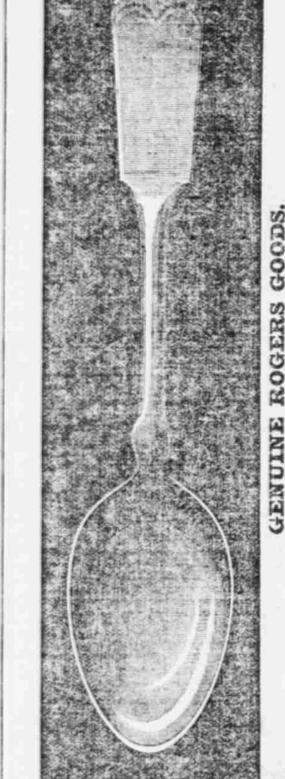

We mean, of course, in each case where we say clubs or subscribers, subscribers to THE NATIONAL TELEUNE for one year, and the full price of the paper, viz. \$1 a year for each subscriber, must accompany the name sent.

Write all addresses very plainly, giving full name, Postoffice, County and State. Much trouble is saved by never omitting the County, because there are so many postoffices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example,

The best way to send money is by Postofflee Money Order, in which case it may be cent at our risk. If your local Postofilee is not a money-order office, the best way is to register your

letter. Money may also be safely sent by Express Money Order or Bank Drafts. Do not mend local bank checks. Remember also that postal notes are no safer than money or stamps inclosed in an envelope, being cashed by anyone into whose hands they may fall. Postage stamps are a drug, and, while taken, are very inconvenient, because we have more now than we can use, and the Government does not redeem them,

Indeed, only a diamond-cutter's test can prove whether it is a true gome or an institution. We tell you it is the latter, although it would be easy enough to deceive you if we put the price a \$115, which would be about its value if it were a true river stone.
